FDA Medical Device Regulations: An Overview for Beginners

June 15, 2011

Koebel Library, Centennial, CO

Networking and refreshments begin at 3:30 pm; the program starts promptly at 4:00 pm.

This presentation is intended for the following audience:

Industries benefited: *Medical devices*

● *Experience level:* *Beginner*

Expected knowledge/experience: *None*

The presentation will cover the basics of medical device regulations in the United States, with an emphasis on the Quality System Regulation (QSR) and expectations for surveillance of products in the market.

RMRAS is pleased to present Elvin Smith as our June, 2011 speaker. Elvin retired from the FDA last year after 36 years as a regulatory analyst (3 years) and Consumer Safety Officer/Investigator. During his tenure with the FDA, he was recognized as a medical device specialist and spent 10 years as a Field Supervisory Investigator. His educational background includes engineering, chemistry, biology, microbiology, and many industry-specific training programs.

Please RSVP to programs@rmras.org
