## US RAC STUDY GROUP REQUEST FOR VOLUNTEERS

September 9 - November 17, 2011

**RMRAS is seeking volunteers to Moderate/Lead a Study Group meeting to assist members in preparing for the US RAC exam.**

Classes will be held:  
Thursday evenings from 6:00 – 8:30 PM

First meeting September 8<sup>th</sup>, last meeting November 17<sup>th</sup>  
at the offices of:

Reglera  
11925 W Interstate 70 Frontage Road North, Suite 900  
Wheatridge, CO 80033

Every effort will be made to accommodate your choice of material and presentation dates. However, the schedule will attempt to group topics and somewhat follow the text (Fundamentals of US Regulatory Affairs, 7<sup>th</sup> Edition), published by RAPS.

RMRAS owns several copies of this new edition which will be shared among the moderators. You will be responsible for obtaining and forwarding the book in a way that allows ample preparation time for each moderator. This may be accomplished by mail, personal contact, or other means convenient to both parties. Information for obtaining a book and for forwarding a book will be provided.

Your participation can be used to fulfill continuing education credits; 4 points per hour presented for RAC recertification.

If you are interested in volunteering as a moderator/presenter, please provide either Lorraine Olsen ([lolsen@aspenbiopharma.com](mailto:lolsen@aspenbiopharma.com)) or Georganne Brown ([gbrown@regulatoryrelief.com](mailto:gbrown@regulatoryrelief.com)) with the following:

- Name
- 1 or more areas in which you are willing to present
- Contact information: (Phone and email)
- Dates that you would not be available

Thank you for your assistance in presenting another successful study group.
