*Rocky Mountain Regulatory Affairs Society*

**OCTOBER 2011 MEETING**  
**Wednesday, October 19, 2011**

**[This presentation is intended for the following audience:**

**Industries:** All FDA-regulated industries

**■ Experience level:** Intermediate

**Expected knowledge/experience:** Everyone should have a basic understanding of supplier evaluation and material control regulations that apply to their industries.]

**3:00 pm – 4:00 pm    Registration and Networking**

**4:00 pm – 5:00 pm    **Mitigating Risk in the Supply Chain Based on Regulatory Requirements****

Rocky Mountain RAS is very pleased to present Dan Mahaffey, Supplier Quality Engineer, AlloSource, as our October 2011 speaker.

**The presentation will cover:**

- **Overview of risk management**
- **Purpose and goals of different regulations**
- **Risk analysis process**
- **Application of risk analysis process to the supply chain**
- **Supply risks to consider**
- **Developing evaluation tools based on risk**
- **Risk mitigation in supplier selection, evaluation and control**
- **Case study- Tissue banking**

**Speaker Bio:**

Dan Mahaffey has been an active 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> party auditor for the past 10 years working in a variety of industries as an internal auditor, supplier auditor as well as for an ISO registrar. After finishing degrees in International Business and Russian Language, Dan began working as an ISO auditor and quality systems consultant.

After working for 3 years as an active 3<sup>rd</sup> party registrar auditor and consultant in a variety of fields, Dan began work with Boston Scientific as the Lead Quality Systems Auditor for their Neuro-modulation and Auditory divisions located in Sylmar and Valencia, California. Upon leaving Boston Scientific, Dan worked for a dental implant company as the Senior Quality Auditor and Corrective Action Manager overseeing all internal and supplier audits as well as the corrective action program.

Currently Dan is employed by AlloSource, a not-for-profit tissue processor, as the Supplier Quality Engineer overseeing control of the supply chain. Dan is currently finishing a Masters at Ashford University in Supply Chain Management to be completed in spring 2012.

**Please RSVP to [programs@rmras.org](mailto:programs@rmras.org)**
