Annual FDA Update
Wednesday, December 7, 2011
Sheraton Denver West Hotel

RMRAS is honored to have LaTonya Mitchell, New FDA Denver District Director, as our speaker on Wednesday, December 7, 2011 for the annual RMRAS FDA Update.

LaTonya M. Mitchell assumed her duties as the District Director in October 2011. She is responsible for the direction and coordination of FDA investigational and compliance activities in the states of Colorado, Utah, New Mexico, and Wyoming.

Prior to this appointment, she served as the Director of Chemistry II Branch at the Southeast Regional Laboratory in Atlanta, Georgia from September 2006 to September 2011. The branch included resources and facilities dedicated to pesticide, mycotoxin, chemotherapeutics, and food and color analyses.

Ms. Mitchell joined the FDA, Kansas City District Office, as a chemist in May 1994. In August 2002, she was promoted to Supervisory Chemist for the Pesticide GC team. She was fully responsible for laboratory programs in pesticide analyses, which included regulatory programs for both human foods and animal feeds, and included a non-regulatory surveillance program, the Total Diet Study.

In addition to her managerial duties, she was a collateral-duty mediator for the Agency.

She is a graduate of Park University in Parkville, MO, and Central Michigan University in Mt. Pleasant, MI. She received a Bachelor of Art degree in Chemistry and a Master of Science degree in Health Services Administration, respectively. In addition, she is a graduate of the 2002 FDA Leadership Development Program.

In the past, our members have been able to field questions for the District Director's comments, and Ms. Mitchell has kindly agreed to continue this tradition. Therefore, please send your questions to programs@rmras.org by **Wednesday, November 23**, and we will forward them to her.
