is pleased to announce our annual

## **The Essential Quality System Regulation Course**

**January 27, 2012**  
**8:00 am - 5:00 pm**

This is a newly designed, one-day course covering the fundamentals of the Quality System Regulation. It is a must-attend course for all personnel working in quality systems or regulatory affairs in the medical device industry.

The Essential Quality System Regulation Course is designed to provide students with a clear understanding of the requirements of this regulation as well as the deliverables that the FDA expects to find during their inspections. Practical solutions as well as consequences of non-compliance will also be covered.

### **Who should attend?**

This course is directed towards those who are responsible for the design, implementation and maintenance of the quality system, QA, R&D, manufacturing, and regulatory affairs. Management at all levels of the organization, especially those with executive responsibility, will find the legal and regulatory requirements and consequences covered in this course enlightening.

### **Instructors:**

The Instructors are **Benita Chappell**, RAC, CBA, Cericon LLC and **John Chappell**, RAC, CBA, Cericon LLC. John and Benita have over 30 years each in effectively leading regulatory affairs and quality systems. They have successfully led resolution of many FDA Warning Letters and consent decrees. They bring an enormous amount of knowledge and practical insight into leading, designing and implementing effective and compliant quality systems.

### **Location:**

PPA Event Center, 2105 Decatur Street, Denver, CO 80211

### **Fee:**

The fee is \$275.00 and includes all course materials, continental breakfast and lunch.

**BE AWARE THAT THE SEMINAR IS LIMITED TO 40 REGISTRANTS** - so sign up right away, if you wish to attend.
