Do you want to be a part of the vision *to fulfil the dream of having a baby?*

**Vitrolife has an opening in our Englewood, Colorado office for an experienced QA/QC Technician.** The QA/QC Technician is responsible for QA/QC support of operational processes within the company and participates in the QA department's joint activities such as quality system development and improvement, product releases, and the QC department's joint activities such as testing, environmental monitoring and raw material releases.

### **What You'll Do:**

- Develop and maintain quality system
- Process and support the organization in NC handling, change controls, and document control
- Responsible for QA support and training for certain processes
- Train and support the organization in all processes, e.g. validations, environmental control, work in cleanrooms, and other production processes
- Perform internal quality audits, supplier audits, and participate in external quality audits by external organizations
- Participate in general tasks within the QA department, such as batch record review, product releases, and special projects
- Perform quality control testing such as environmental monitoring, bioburden, pH
- Responsible for incoming raw material release

### **What We're Looking For:**

- High school diploma or GED; Bachelor's degree preferred.
- Two years (minimum) experience working in medical device manufacturing, quality control laboratory, or related field
- Microbiology education or laboratory experience preferred
- Ability to manage multiple priorities and advanced tasks
- Strong communication skills and administrative abilities
- Strong attention to detail
- Ability to lift 50 lbs.

This is a full-time position. As a full-time employee, you are eligible for our comprehensive Benefits.

### **We offer generous employee benefits, including:**

- Fully-paid medical and dental coverage for you
- Fully-paid dental for your spouse and children
- Vision, life & disability insurance
- Flexible spending & health savings accounts
- A job where you can take pride in your work and make a difference

If you meet our requirements and would like to be considered for this full-time position, please send your resume and cover letter to [CareersUSA@vitrolife.com](mailto:CareersUSA@vitrolife.com).
